

GLOBAL PERSPECTIVE

Winter 2025

Alliance for Working Together (AWT) Foundation, creating a workforce pipeline for advanced manufacturing:

The AWT Foundation is playing a pivotal role in Northeast Ohio by tackling one of the region's most pressing economic issues - creating a robust workforce pipeline for advanced manufacturing. Through the AWT Transformation Training Center, youth outreach, adult upskilling, and strong partnerships, AWT is helping position the region for a manufacturing future that is vibrant, inclusive, and sustainable.

Wishing you warmth,
joy, and love from our
family to yours this
holiday season.

AWT Continued:

As many manufacturers face retirements of key individuals and the increasing demand for advanced manufacturing skills, AWT helps build a pipeline of trained, motivated workers. AWT bridges K-12, technical training, employers, and industry, helping ensure the skills students learn align with real jobs and regional employer needs. The ripple effect of their work is that better career opportunities can lead to improved economic outcomes, more stable employment, and a stronger community and region.

The Alliance for Working Together (AWT) Foundation is a 500+ member organization of manufacturers, community organizations, and educational partners dedicated to promoting rewarding careers in manufacturing. AWT provides STEM-to-career educational programs, short-term credential training, pre-apprenticeship pathways, and apprenticeship programs for the manufacturing community. AWT is the Endorsed Industry Sector Partner for Lake, Geauga, and Ashtabula counties, serving as the training provider for manufacturing and the intermediary connecting our community and educational partners to careers in manufacturing.
